A Great Remedy

The merits of Chamberlain's Colic and Diarrhoea Remedy are well known and appreciated, but there is occasionally a man who had no acquaintance with them and should read the following by F. H. Dear, a hotel man at Dupuyer, Mont.: "Four years ago I used Chamberlain's Colic and Diarrhoea Remedy with such wonderful results that I have since recommended it to my friends."

Model K-46

Buick Touring Coupe

THE BUICK Model K-Six-46 is a true Coupe model, with permanent sides and roof, an exceptionally wide body, and its graceful contour eliminates all open spaces between the body and fenders. From the outside, the appearance of the car is low, rakish and well-balanced, but there has been no sacrifice of interior head room. The rear fenders are new in design, with touring car running boards. Top, window casings and sashes, are fully metal covered, eliminating the possibility of checks and open joints.

The deeply upholstered interior is finished in a new and improved fabric, without bindings. Back of the driver's seat is a carrying space, with another in the rear deck. Electric side lamps are mounted on the cowl and a dome illuminates the interior. The double-latch doors may be locked from the outside.
